Editors	Anne Bamford	**Organiser:**	City of London Corporation

1. Meeting Objective(s)

The main objectives of the third Transnational Meeting of the partners from the ED-EN Hub project is for all partners to meet (if allowed in person), be updated on the progress of the project and discuss potential issues and significant matters at hand concerning the materialisation of the project. The meeting will further the work on dissemination, communication, partnership and stakeholder engagement and will discuss the monitoring and reporting of activities and reconfirm tasks for the next period. This will further build a common understanding of the concepts being explored and disseminated during the project, and ensure the tools being developed are analytically designed.

A multiplier event has been arranged to coincide with the third Transnational Meeting and this will provide detailed feedback and review of the work to date from three expert panels covering assessment and skills measurement experts, education and enterprise experts. The multiplier event will involve:

- Expert panels
- Project circles
- Examples of prototyping
- Building relations with stakeholders
- Finding resources
- Analysis of concurrence
- Idea drafting
- SWOT analysis
- Methodology and strategically plan
